

AODA

Compliance Package

QA Consultants is offering an A Level and AA Level AODA compliance audit special for \$10,000 per website.

By becoming A and AA compliant you can satisfy the Ontario government requirements, retain and or gain customers, plus maintain favourable social responsibility.

AODA Compliance Package

As an Industry Leader, QA Consultants is excited to help you become AODA WCAG 2.0 Level AA compliant for all your websites and applications.

Why it's important

Becoming compliant is the right thing to do. If customers can't operate your site, your message becomes ineffective.

The downside to not being compliant:

- Loss of customers/clients
- Poor reputation
- Face government fines

Beginning January 1, 2021: all public websites and web content posted after January 1, 2012 must meet WCAG 2.0 Level AA other than criteria 1.2.4 (live captions) and 1.2.5 (pre-recorded audio descriptions).

The fines for persons or organizations convicted of an offence under the AODA are:

- Up to \$50,000 for each day or part day that an offence happens
- For a corporation, up to \$100,000 for each day or part day that an offence happens

Deadlines

Government of Ontario and Ontario Legislative Assembly

- New* internet and intranet websites and web content: Compliance with Level AA by 1 January 2012
- All* internet websites and web content: Compliance with Level AA by 1 January 2016
- All internet and intranet websites and web content: Compliance with Level AA by 1 January 2020

Designated Public Service Organizations

(such as hospitals, universities and other public bodies as listed in Table 1 of Ontario Regulation 146/10)

- New internet and web content: Compliance with Level A by 1 January 2014
- All* internet and web content**: Compliance with Level AA by 1 January 2021
