

# Dallas Customer, Allcal: On Demand, Mission Critical Testing

“QA Consultants provided a cost effective and efficient solution that increased our ability to come to market with higher quality when we needed it. Their service not only increased our bandwidth, but improved the level of quality we could otherwise provide.”

– Danielle Cocanougher, Vice President

## CHALLENGE & TEST REQUIREMENTS

- Calendar application was going through a rapid redesign and was running up against an event driven market deadline for deployment
- There was an offshore development team along with a single onshore developer, no independent test team, and no documented test requirements
- Application was designed for multiple desktop and mobile browsers

## SOLUTION & APPROACH

- QAC engaged an “On Demand” Team of Testing Specialists
- Team planned and executed tests on the fly with no documentation available
- QAC team identified multiple platforms to prepare and execute the planned test scenarios on

## RESULTS

- ✓ Allcal engaged QAC 4 times for 4 separate events
- ✓ A total of 3054 test scenarios were executed on 4 desktop browsers and 8 physical devices during the engagements
- ✓ 165 consolidated Defects were identified in total for the 4 engagements

## ROI

- ✓ Low friction onboarding
- ✓ Significant value over traditional options
- ✓ Successful product launches for all events
